CATHOLIC CHARITIES FORT WORTH REFUGEE SERVICES

HOW DOES HIRING A REFUGEE BENEFIT YOUR BUSINESS?

■ Skilled, Experienced, Long-Term Workers

Refugees have a variety of work experience and skills. Many are highly educated and were professionals and small business owners in their home countries. Most refugees arrive with many years of work experience, which gives American employers access to well-trained workers who are committed to long-term employment.

■ Good Work Ethic

Since they have lost their homes, personal property and careers in their home countries, refugees have a strong drive to regain self-sufficiency and economic stability for their families.

■ Availability of Employees

With many refugee job candidates arriving in the US daily, Catholic Charities can assist you to fill your job openings quickly. Businesses can avoid advertising costs and take advantage of free referral services.

■ Tax Incentives

Your business could qualify for certain tax credits and training incentives when you employ those receiving public assistance.

■ Promoting Community

Hiring refugees helps to get them on the road to self-sufficiency, strengthening families and our community.

■ Refugees are work-authorized

Refugees are fully authorized to begin working immediately in the United States by the U.S. Department of Justice.
